NEGRO'S ABDOMEN

Punctured With Two Pistol Balls, Near Bolivar.

Wound Believed to be Mortal and Rumor That the Victim Is Dead.

Cleveland Cowherd was shot and perhaps mortally wounded on the night last week near Bolivar by Lee Sugg. The trouble arose over a crap game, both parties being negro farm hands.

The details are not known, but it is said Sugg shot Cowherd in the lower part of the stomach with two balls from a .38 pistol, the shots both taking effect near the same place. The wound is believed to be a mortal one. Cowherd had not been operated upon yesterday at noon, as the balls entered the stomach and could not be located.

It was reported yesterday at two o'clock that Cowherd was dead, though this could not be confirmed.

He was shot about nine o'clock at night, and after the shooting was able to go some distance to a vacant cabin where he spent the night and was found next day and taken away by his friends.

Sugg is said to be making no effort to avoid arrest.

NEW DRUG FIRM.

Brandon & Ezell Succeed T. Brandon & Co., at Lafayette.

Mr. C. B. Fraser, surviving partner of T. Brandon & Co., at Lafayette, has sold his interest in the drug business at that place to R. W. Brandon, son of the late Dr. F. Brandon, and J. J. Ezell. The firm name will be Brandon & Ezell and they will continue the business. Esq. Fraser will be prescriptionist and manager.

The new firm is a very strong one, and will no doubt do an extensive business. Both Mr. Brandon and Dr. Ezell are quite popular as is also Esq. Fraser, who has been in business at Lafayette since boyhood.

FOURTEEN APPLICANTS

Examined Touching Qualifications to Teach School.

The July examination of white applicants for certificates to teach in the public schools of the county was held in this city Friday and Saturday. There were fourteen applicants. The papers will be graded this week.

The examination of colored applicants for county certificates to teach will be held next Friday and Saturday.

ADJUDGED A LUNATIC.

Drivless County Woman Brought Here For Treatment.

Miss Marie Hughtate, of Daviess county, was adjudged of unsound mind last Friday and brought to the Western Asylum for treatment. She is twenty six years old, and had been in bad health for some time.

BOAR'S TUSK

Kills a Horse in a Pasture Near Bennetts town.

Mr. J. B. Wall, of Bennetts town, had a horse killed by a vicious boar one day last week. They were in the same pasture and the boar disemboweled the horse with his tusk. The horse when found was in a dying condition from the loss of blood.

First in the Field.

Prof. John Sollee, of Macedonia, was in town yesterday. The professor says he has about made up his mind to be a candidate for the Democratic nomination for County School Superintendent.

BLOOD FLOWS

In the Butcher's Strike at Chicago.

Seven Men Are Injured and Several of Them May Die.

Chicago, July 17.—In an attack this afternoon on four colored strike-breakers by a mob, composed of spectators at an amateur base ball game in the vicinity of the stock yards, two white men, one policeman and the four strike-breakers were severely injured. Revolvers and knives were used and three of the injured men are in a serious condition.

Efforts for Peace.

The officials of the Union Stock Yards & Transit Company and a committee from the firemen, oilers, and water tenders, employed at the yards, will take a hand in the butchers' strike tomorrow and endeavor to arrange another peace conference with the packers. This proposed interference is influenced by the effect of the strike upon the Transit Company's business. The company receives, feeds and pens and distributes to the various consignees all the live stock shipped into the yards. It is estimated that there are 10,000 cattle, 30,000 hogs and 10,000 sheep in pens of the Union Stock Yards & Transit Company at present. The cost per day for yarding and feeding cattle alone is \$1 a head, and for sheep and hogs 50 cents a head. Should there be a sympathetic strike tomorrow of the allied craft it would prevent the company from distributing this live stock on hand and would cause a loss of at least \$40,000.

TROUBLE AT PICNIC.

Lucian Long Cut on Head by Otho Fuller.

Lucian Long and Otho Fuller became involved in a difficulty at a picnic near Kelly Saturday and the former was cut on the head with a knife. The scalp was opened for several inches and Long lost considerable blood before a physician arrived.

It was not learned what caused the trouble between the young men. Long lives near Crofton, and Fuller resides about three miles from Kelly.

No warrant had been issued up to yesterday.

WHEAT THRESHING.

Resumed Yesterday After Wet Weather Delays.

The forty-odd wheat threshers in Christian county began to thresh wheat yesterday. The straw which is very raw is still tough from the wet weather and difficult to handle. As a result, several threshers were broken before noon and there were hurried trips to town for repairs.

The crop is fine and is practically unharmed so far. Prices at Chicago took another jump yesterday to a dollar, but the local price remains the same as last week, 93 cents.

SERIOUS ACCIDENT

Befalls Young Man Living North of Gracely.

Perry Gresham, son of Mr. J. R. Gresham, of the Sinking Fork neighborhood, was the victim of a serious accident Sunday. While driving in a buggy, the young man's horse became frightened and ran off. The vehicle was overturned and Mr. Gresham was thrown violently to the ground. His head struck a rock and a deep gash was cut. He was rendered unconscious and at last accounts he was still in that condition. It is feared the injuries will prove fatal.

ALL HOME LINES

Are Now in Good Working Order—Many New 'Phones.

The cable line to the Asylum has been completed by the Home Telephone Co., and the 'phones on that line will all be "cut in" today or tomorrow. The city 'phones are all connected and nothing but satisfactory reports are coming in from the subscribers. About 40 new ones have been added since the directory was printed and the new system now has considerably more than 500 subscribers. Some important contracts have been made. The L. & N. Railroad and the Western Union Telegraph Co., which did not start with the opening of the system, have put in 'phones, as they found they could not get along without them. Many who are using both 'phones this month to compare them and test the merits of the two systems, both new, will adopt the Home exclusively next month.

The people are rapidly acquainting themselves with the automatic dial plates. One of the most common errors is to begin operating before removing the receiver. This rings the caller's own bell. Another error is to stop the dial in its return revolution before it gets to the stopping place, in other words the dial is worked too rapidly. But a little practice is all that is needed to enable the subscribers to avoid these little errors.

ANNUAL MEETING

Being Held at Eddyville Camp Grounds.

The annual Eddyville camp meeting began last Thursday and will continue two weeks. The attendance is large and there is already considerable interest in the meeting. Services are held morning, afternoon and night. Several from this place will attend the meeting this week.

RESIGNS POSITION

And Will Engage in Business in Tennessee.

Mr. G. W. Kannard has resigned his position with Waller & Rogers and left for Pulaski, Tenn., Sunday, where he will engage in the furniture business with J. H. Crutcher, of Nashville. Mr. Kannard came here about a year ago from Erin, and had made many friends during his stay. He is a native of Dickson, Tenn.

New Banker in Town.

At a recent meeting of the stockholders of the Bank of Hopkinsville, Mr. T. B. Fairleigh was elected a director. Mr. Fairleigh is a leading tobacconist and a successful business man, who is in every way well qualified for the place.

SHOT IN THE HEAD.

But Ball Glanced Making Only Scalp Wound.

At a picnic in the Fruit Hill neighborhood Saturday trouble arose between Bud Stewart and Sylvester Winders, two young farmers of that section that resulted in the latter being shot in the head. The ball glanced, causing only a scalp wound, and the victim is able to be up.

A warrant was issued yesterday for the arrest of Stewart and placed in the hands of an officer, who left at once for the purpose of serving the paper. Winders, who was in communication with the authorities here yesterday, said that he was drinking on the occasion of the difficulty and could not remember exactly how the trouble came about.

KENTUCKY STOCK

Enroute to Philippine Islands for Breeding Purposes.

The American transport Dix sailed from San Francisco for Manila Saturday loaded with stallions and mares for breeding purposes in the Philippine Islands. The stock was purchased for the Philippines Government in Kentucky and Missouri, under the direction of Colonel Edwards, of the Insular Bureau. It is believed that horses useful for the army will be raised by crossing with the Filipino ponies. Fifty-five highly bred cows were also shipped with the consignment of horses.

CAUGHT IN CATTLE GUARD.

One Leg Crushed Off and the Other Broken.

Robt. Daniel, col., of this city, was badly injured by an L. & N. freight train near Casky Saturday night. He was enroute here from Pembroke. On reaching Casky he saw the train approaching and attempted to cross a cattle guard, when his foot hung and he fell. He was unable to extricate himself and the train passed over one leg, crushing it off below the knee. His other leg was broken in two places. Daniel was brought to this city where he received surgical aid.

Lost Little Son.

Lafayette, Ky., July 18.—Mr. and Mrs. J. W. Allen, near this place, lost their little two-months-old son last Wednesday. General inanition was the cause of death. The interment took place in the Robb burying ground. C.

ANCIENT JAPANESE LEGEND.

Foundation of a Belief That the American Continent Was Discovered by Them.

The history of Japan, like that of many other nations, shows that America was known to the ancients in all parts of the world. As soon as the art of marine navigation was revived among the Japanese they crossed the Pacific in order to test the truth of old traditions, and landed in Mexico not long after Columbus made his discoveries, says the Kansas City Journal. These old traditions have been from time immemorial kept alive by a series of ceremonies unto this day, and it is unnecessary to say that no evidence of ancient events is so strong as the festivals and ceremonies instituted to preserve their remembrance.

The traditional history of Japan in this matter is a counterpart of that of Greece and other Mediterranean nations, and makes reference to a lost or sunken island. In Kaempfer's great work on Japan this story is given: "Maurigassima was an island in the Pacific ocean famous for porcelain vessels. The inhabitants were rich and luxurious and had a contempt for religion. The king was named Peironn. He had a dream of a coming flood. It was to happen when the two faces of the idols in the temple turned red. The two idols were called Inonivoo and Awen—gods of generation and destruction. Some one, to play a trick, one night painted the faces of these idols red. The king, hearing of the change of color, lost no time in getting aboard of ship. Then the island sunk and all were drowned except Peironn. He got safe to China."

But the enumeration of traditions found among the Japanese which point to an early knowledge of the continent of America does not rest upon this incident alone. In one of the pagodas is a remarkable monument where the bill of agriculture is represented in the act of tipping up an egg. Now, among mythologists North America is called the egg of the world, and so the Japanese savants explain this monument as the emblem of the ancient discovery and colonization of the continent by Japan. The Japanese Columbus and hero of the first trip across the Pacific was Jooia. He has since been deified, made the brother of god Tenzo, and called the Neptune of Japan.

"Bridgeman Walter Powers Likely to Be Again Promoted."

Capt. Walter Powers, of Co. E, Kentucky National State Guard, of Madisonville, is a candidate for the office of Major of the second battalion of the 3rd Regiment. It is more than likely that the guardsmen will elect him for the office when the election is ordered by the Adjutant General—B. E.

The Blind May See.

Dr. D. Garthick's Eye Remedy cures hundreds in Tennessee who were nearly blind with sore eyes, granulated eyelids, watering, itching, burning, and inflamed eyes, and with many bad humors or pyorrheas on their eyes, could not see their way; were given up by doctors as incurable after paying out hundreds of dollars. Call for written letter sample, and you will be convinced that you can be cured. No matter how severe your case be, not how long standing, address Dr. D. Garthick, 609½ North Summit Street, Nashville, Tennessee.

Drowned While in Bathing.

Virgil Neisz, residing in the vicinity of Dalton and a short distance from Tradewater river, was drowned in that stream Sunday afternoon. He had gone bathing in the stream with a number of small companions. The boy was 13 years of age.—Erlington Bee.

MUST BELIEVE IT.

When Well-Known Hopkinsville People Tell It So Plainly.

When public endorsement is made by a representative citizen of Hopkinsville the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

R. C. Morefield, Sr., real estate dealer and associated with the Christian County Title Co., residing at 222 W. Seventeenth street, says: "For several years the condition of my back and of the kidney secretions furnished ample evidence that I was suffering from kidney disorders. The aching in my back would come on by spells often so severe that it was painful for me to stoop or straighten up or to attempt any sudden movement. I saw Doan's Kidney Pills advertised locally and thinking that they might help me, got a box at Thomas & Trabers' drug store. I had used them only a few days when I noticed a marked improvement in my condition, and I continued the treatment. It did me more good than any medicine I had ever used and that is putting it mildly. You may publish my statement at any time and I will do all I can to let the value of Doan's Kidney Pills be known."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

THE ONLY CURE FOR RUPTURE

In the scientific adjustment of a truss appliance by someone thoroughly skilled in the Automata and Mechanical Requirements of each case.

DR. MORTIMER H. BROWN.

The Eminent Specialist and recognised authority in the Mechanical Treatment of Hernia and the adjustment of appliances for Rupture and Deformities can be consulted in person at the address below.

I guarantee to hold your rupture, perfectly, under all conditions, with ease and comfort and give you as long a trial as you may wish with my truss free of charge. If I cannot satisfy you I do not want one cent of your money. Have the only truss made to cure Rupture and I am the only Truss Expert having confidence enough in his ability to guarantee satisfaction before expecting pay.

No Leg Straps. No Heavy Elastic Bands or Steel Springs with my Guaranteed Truss. No more Truss Torture or Danger from Strangulation if you accept my offer.

From the thousands of testimonials and letters I have I submit the following and will forfeit \$1,000 if I cannot show the original letters to anyone interested.

No Truss ever held this Rupture before, 20 inches in Circumference.

DR. BROWN, Dear Sir:—I wish to tell you of the good the truss you fitted to me has done. As you will probably remember, my case was one no truss had ever held before and as it was 20 inches in circumference it was a great annoyance and discomfort to me. From the day you put the truss on my rupture has never been out, and after wearing it one month I took it off for over an hour in taking a bath and none of the rupture came down. I would not take one thousand dollars for the relief your truss has given me and I am certain it will cure me.

Ruptured for Twenty-two Years Cured in Three Months.

"I had been ruptured on my left side for twenty-two years, during which time I had tried many so-called cures and trusses, with no benefit whatever. I was thoroughly disheartened, as I could not get my truss to hold my rupture, and the best physicians told me there was no cure for me. In the spring of 1898, commenced with Dr. M. H. Brown, and from the day he put his truss on, my rupture gave me no more trouble. I continued to wear the truss until the fall and then took it off and have not worn it since."

Ruptured for Fifteen Years, a Prominent Distiller is Cured.

"About fifteen years ago I was ruptured on the right side by being kicked in the groin, and five years later from some unknown cause, on the left side. I knew no cure until July, 1899, when I began with Dr. Brown. After wearing the truss a few months I discarded it and have had no trouble since."

Remember I give you a FREE TRIAL with my truss and unless you are fully satisfied you will not OWE ME A PENNY. Circulars free at Hotel or by mail Hopkinsville, Ky., Hotel Latham, July 18 to 21, 1904.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

"Om!" Paul Kruger, old the Hoer leader, who died last week in exile in Switzerland, was 79 years old and one of the noted men of his generation. Stephenus Johannes Paulus Kruger, the last president of the Boer republic, was one of the empire builders of South Africa and the lifelong enemy of Cecil Rhodes. For twenty-five years Kruger thwarted the ambition of Cecil Rhodes and delayed the march of the British empire from Cape Colony north toward the equator. He lived long enough, says the Chicago Tribune, to see the death of his greatest enemy and to witness, in lonely exile, the triumph of the greatest foe of his people. In his life he was one of the world's rugged, heroic figures. In his death he was still a world figure, pathetic in his loneliness, an exile by his own choice.

Hon. Lewis McQuown, of Bowling Green, has published in the papers a complete and thoroughly convincing reply to the recent article published in McClure's Magazine for March on the conviction of Galeb Powers. The article was a defense of the assassin written by a man named Adams. Judge McQuown's reply was sent to McClure, but he refused to allow the label on the State and people of Kentucky to be corrected, or to publish the facts in regard to the assassination of Gov. Goebel by the conspirators, of whom Powers and Taylor were the leaders. The article as it appears in the Courier Journal is of great historical value. No man in Kentucky is more familiar with the facts than Judge McQuown, who was in Frankfort during the "reign of Taylor" and speaks from his own knowledge of conditions leading up to the murder.

A writer in the Louisville Post says the first white child born in Kentucky was Isaac Goodnight, who was born Jan. 1, 1776, at Harrodsburg. He was a posthumous child, his father, Michael Goodnight, having been killed by Indians four months before, at the age of 100 years. Isaac was the youngest of a family of 22 children. Isaac Goodnight died in Warren county Oct. 14, 1869, nearly 84 years old. He was married four times and was the father of 17 children. Many of his descendants still live in Kentucky.

Peace negotiations in the packing house strike are practically at a standstill, owing to the inability of the contending factions to arrive at a basis of operation. The strikers demand the restoration of all strikers to their old places, but the packers refuse to turn off those who are filling their places, but are willing to make concessions asked for and employ such of the old men as they need. The Chicago plants are operating in a small way.

Do You Know Time You Live. Probably you do, for Mne. Qui Vive has a national reputation as an aspiring friend of every woman with a beauty woe. Her "Woman Beautiful" department in the daily and Sunday issues of The Chicago Record Herald is a perennial source of joyous helpfulness to womanhood. Her instructions on complexion ills are interlarded here and there with snappy little epigrams as "cheers." The weapons she suggests to beauty seekers for the complete annihilation of beauty grievances do not include artificial methods—"factory" frizzes, rouge and other horrors being barred. She gives instructions on correct breathing, what to eat, how to bathe—in brief, how to become a healthy, wholesome woman. No wonder she is popularly known to many thousands of women.

Dead Negro Found in River With Bullets in Body and Rope About His Neck.

Sturgis, Ky., July 15.—Bud Cox, a young negro married man, was found in the Ohio river at Caseyville with a rope about his neck and several bullet holes in his head and body. Cox and his wife had been having trouble. It is supposed he was mobbed and the body thrown into the river.

DESERVED PROMOTION.

For Popular Young Railroader Who Has Risen Rapidly.

Mr. Wible L. Mapother was on Saturday appointed assistant to the president of the Louisville and Nashville railroad, to take effect at once, says the Courier Journal. Milton H. Smith issued a circular, which was sent to all the officers of the roads and its connections, notifying them of the resignation of Mr. Walker D. Hines, which was handed in the latter part of June. The circular further advises that matters heretofore referred to the office of the first vice president be referred to the office of the president. Mr. Mapother's new duties will be to assist the president in his work, with the added cares of first vice president.

The force of the appointment of Mr. Mapother is practically that he will become the first vice president of the road. The election of a first vice president will be postponed indefinitely, and Mr. Mapother's fitness for the place will be thoroughly tested by the duties which fall upon him. He has been since May 1, 1932, the chief clerk to the president and the first vice president, and his duties in that place have given him the experience which is needed in taking the new responsibilities attached to the office of assistant to the president.

Mr. Mapother, who received the appointment as well as the substantial reward of the appointment, is a Louisville boy, and is now about thirty years of age. He has lived in Louisville all his life, and received his education in the schools of this city. After finishing school he accepted a place in the office of the Secretary of the Louisville and Nashville railroad, where he remained some time. Afterwards he was transferred to the president's office, and has filled every place up to the one to which he was appointed Saturday.

GOV. GOEBEL'S FRIEND.

Beasley Thompson, Colored, Waiter, Dies at Frankfort.

Frankfort, Ky., July 15.—Beasley Thompson, colored, a waiter at the Capitol hotel, died twenty years ago, who waited on Gov. Goebel at the Capitol during his twelve years of public service, and was a great friend of Judge W. S. Pryor, and was known by many public men stopping at this famous hotel for the past twenty years, died this morning.

Gov. Goebel defended Thompson's brother without a fee in a criminal prosecution, owing to his brother's acquittal. Although a strong Republican he voted for Gov. Goebel and was proud of his vote, saying it was the only Democratic vote he ever cast.

Associated With Dr. Young.

I have associated with me in the practice of medicine Dr. W. H. Ketchum of Lisbon, Ohio, and a graduate of Cleveland Homeopathic College. Dr. Ketchum brings to me high recommendation from mutual friends, both as to character and professional ability. I feel that I can endorse him to the community as worthy of confidence, both as a man and a physician.

Nothing But Health.

The bulletin issued by the health department yesterday showed that for the last four weeks there have been 1,566 deaths in Chicago. There are weekly average of 392. There are in round numbers 400 undertakers and 3,600 physicians. It is estimated by experts that for every death there are twenty cases of sickness. The arithmetical conclusion follows that the undertakers have not had a funeral each a week during the last month, while the doctors have averaged a little over two patients each.—Chicago Record Herald.

DIETRICH FAMILY.

Will Hold Reunion at Kutztown, Pa., August 13.

Mr. and Mrs. Chas. H. Dietrich, of this city, will attend a reunion of the Dietrich family at Kutztown, Pa., Aug. 13. The details of the reunion are given in the following extract from a Pennsylvania paper:

The Dietrich Family Reunion.

The Dietrich family will hold its reunion this year on Saturday, Aug. 13, at Kutztown, Pa. All the Dietrichs, the name is variously spelled, and relatives through inter-marriage, are requested to be present. More than four hundred Dietrichs assembled at Lenhartville, Pa., last year and formed a permanent organization for the purpose of collecting information for a family history. The following officers were elected: Lawson G. Dietrich, Esq., Moslem Springs, president; William J. Dietrich, 1136 Chestnut street, Reading, secretary; Daniel F. Dietrich, 323 Penn street, Reading, treasurer.

During the past year the association collected considerable data. The secretary has nearly complete records of the ancestry of Johannes, Adam, John Ludwig, Elias, Conrad, and John Jacob Dietrich. Each of these immigrants landed at Philadelphia before the Revolutionary war, in which a number of them did valuable service.

Johann Christian Dietrich, who landed in New York in the year 1710, is the first immigrant of whom the association has any record. Johannes Dietrich was the first immigrant to land at Philadelphia in 1731. The Pennsylvania archives give the names of 54 other Dietrichs who landed at the same port up to 1805. The association also has considerable history of the ancestry in Germany. The Dietrich is an old family. It is mentioned in the annals of the German Empire since the time of the Great Dietrich von Bern, 454-526, A. D., who was the King of the Ostrogoths.

The Association acquired a copy and explanation of the family coat-of-arms, which is of pretty German design in the following colors: Purple, gold, silver, red, green and black. The officers have arranged with the Keystone Badge Co., of Reading, for the reproduction of the family coat-of-arms in its exact design and colors in the form of a souvenir badge, consisting of a gilt bar and ribbon, with suitable inscription, the coat-of-arms being reproduced on celluloid medallion, one and one-half inches in diameter, surrounded by a neat gilt rim. A badge will be presented to each Dietrich who attends the reunion. The Dietrichs are numerous throughout the country. This meeting or picnic will be exceedingly interesting. It will give one the opportunity to see and meet more Dietrichs than they ever met before. Members of the family will make addresses and a band will furnish music. The exercises will begin at 9:30 o'clock, a. m., and continue during the day. From information of Dietrichs from many states, the reunion will be largely attended.

DR. FURNISH RESIGNS.

As Superintendent of the Lakeland Asylum.

Frankfort, Ky., July 15.—Over the protest of Gov. Beckham Dr. J. G. Furnish has resigned as superintendent of the Lakeland Asylum, his resignation to take effect August 1. The resignation was filed with Gov. Beckham March 30, and after a conference Dr. Furnish agreed to continue in office until time could be given the Governor to cast about and select a suitable person to fill the place. Dr. Furnish wrote the Governor July 12 asking that his resignation take effect August 1. Gov. Beckham has made a selection, but will not announce his appointment for some days yet. Dr. Furnish resigns for business reasons. He has made a most excellent officer, and the Governor wrote a letter expressing the highest regard for Dr. Furnish, both as a man and officer, and expressing his regret that he was to sever his official relations.

Yeaman Tipped For the Place. Louisville, Ky., July 16.—Dr. M. H. Yeaman, of Henderson, is tipped to succeed Dr. J. G. Furnish as superintendent of the Central asylum for the insane at Lakeland.

For Sale!

The B. W. Bowles Farm Formerly Owned and Known as the W. W. Ware Farm Lying Near Gracey, Christian Co., Kentucky.

Executive of Sale of Land—Rare Opportunity to Purchase a Productive Farming Land—Farm to be sold in Small Tracts and as a Whole.

The undersigned executor of B. W. Bowles will, by virtue of the authority vested in it under the provisions of the will of the late B. W. Bowles, on County Court day, Monday, Sept. 8th, 1904, at the court house doors between the hours of 11 a. m. and 2 p. m., offer at public auction and sell to the highest and best bidder, the B. W. Bowles farm, known as the W. W. Ware place, near Gracey, in Christian county, Ky. The said lands will be sold in parcels suitable for small farms and also as a whole. The sale will be made for one-third cash the balance in one and two years, with interest from date. Purchaser will be required to execute bond with good security for the deferred payments to the undersigned.

The farm is described by metes and bounds as follows: A tract of land lying in the Western portion of Christian county, Ky., on the road leading from Hopkinsville to Cerulean Springs, E. Ky., containing 628 acres or less, and being the same land conveyed by W. W. Ware to Jas. Rodman and B. W. Bowles on the 9th day of February 1891, and thereafter conveyed by said Jas. Rodman and his wife to B. W. Bowles on the 15th day of August 1891, and which is described by metes and bounds as follows, viz:

"Beginning at a post oak northwesterly of the Bald Knob Hopson's corner, now Jones' corner, thence N. 44½, W. 239 poles to a stake, fallen post oak called for near old deer lick; thence N. 22½, E. 36 poles to a stake, called for; thence S. 33, W. 180 poles to a stake on a high hill to a fallen white oak called for; thence S. 45, W. 152 poles to two lead black jacks and pointers; thence S. 46, E. 120 poles to a stake in a field, stone called for, about 8 poles eastwardly from a spring; thence N. 59 poles to a stake; thence S. 43½, W. 198 poles to a black jack in a glade, corner to the Lander tract; thence with said line S. 83, E. 172 poles to a stake and post, another corner to the Lander tract; thence S. 35, E. 152 poles to a post oak stump, on the East side of the branch; thence S. 29, W. 37½ poles to a stake at the turn of the land, a division corner; thence with the most easterly edge of said lane; N. 68½, E. 180½ poles to a stake at another turn of the lane; thence N. 36, E. 124½ poles to a stake in an old road, with four small black oaks, and three small hickories, pointers in Hopson's, now Jones' line; thence with said line N. 73, W. 107 poles to the beginning.

Also another tract of land beginning at the line on the lane, between the farms of Joseph W. Radford and Joseph Thomas and J. P. and J. U. Campbell, the line of the said Campbell's, which is from the post oak stump S. 20, W. 100 poles to a stone on the south side of the Springs road; thence S. 72½, E. 1½ poles to a stake, thence N. 20, E. 63 poles to a stake at the turn of the lane; thence with the easterly side of the lane or state that leads from the body of said tract on the south side, to the Cerulean Springs road, and running between the Cox and Nickols tracts, making an outlet for said land, on the south side of the public road. A lien will be retained upon the lands sold, to secure the deferred payments. Depository of the line of the said Campbell's.

Executor of B. W. Bowles.

PROSPECTS FLATTERING

For Large Crowd on Occasion of August Outing.

To pleasure seekers and the overworked Old Point Comfort presents all the varied attractions and comforts that go to make up an ideal summer resort, as every one who has visited the season will testify to. From many quarters comes the information that numbers are preparing to go to the Atlantic on the annual, personally conducted excursion, which leaves Saturday, Aug. 13, and many others will decide to make the trip before the leaving time arrives.

For picturesque scenery, fine car service, low rates and long ticket limit this trip is beyond question the best of all.

The crowds from the various sections will meet in Louisville, August 13, where they will take a special vestibuled train over the popular C. & O. for Old Point, arriving at the seashore on the afternoon of August 14. Sleeping car space can be secured by applying at once to W. A. Wilgus or T. E. Bartley, Hopkinsville, Ky.

Miss Juliet Brodie will leave next week for Olmstead, Ky., to visit relatives.

Mrs. Henry Boyd and Mrs. Wallace Boyd spent Thursday with Mrs. J. R. Caudle. PEACH.

SENT BACK.

Karlina Poore Ordered to the Asylum Again.

Karlina Poore, aged twelve years, was tried for insanity and ordered sent to the Hopkinsville asylum by County Judge Lightfoot this morning.

Captain James Crow left with the little girl for Hopkinsville on the Illinois Central noon train. The little Poore girl was born in May field. Several years ago she was attacked with epilepsy, which weakened her mind. She was sent to the asylum where she was treated for several months. She was discharged as cured last winter. Lately her mind has weakened again and her mother requested that she be returned to the institution for treatment.—Paducah News-Democrat.

OFFICIALLY DENIED.

Is the Russian Story That 30,000 Men Were Killed

Japs Say They Have Killed 30,000 More Live Soldiers Near Port Arthur.

The report that the Japanese lost 30,000 men at Port Arthur on July 10 and 11 is officially denied by the Imperial headquarters staff at Tokio. It is stated that not a shot was fired on either date. A report from Ta Rche Kiao says the Russian Port Arthur fleet bombarded Hai Chou, but this is not credited at St. Petersburg. There is a rumor at Che Foo that Admiral Togo is dead. An official report from Viceroy Alexieff places the Japanese losses in the land fighting at Port Arthur on July 3 and 4 at 2,000. The Russians lost 37 men, and more than 250 were wounded. The Japanese are said to have landed about 30,000 men at Pigeon Bay since July 11.

SUFFERINGS ENDED.

Much Esteemed Woman Dies After Long Illness.

Mrs. Sarah E. West died Thursday, at her home about six miles East of the city. She had been ill a year or more and was a great sufferer. Deceased was the widow of the late Henry M. West, and is survived by seven children—Mrs. James West and Dr. P. E. West of this city, and Mr. C. and Hugh West, and Mrs. W. A. Layne and Mrs. John MacCarley.

She was 66 years old and a member of the Methodist church.

Funeral services were conducted by Dr. E. L. Southgate at the Methodist church Friday and the interment took place in Hopewell cemetery.

Will Survey Beckham County, Greenup, July 15.—By order of the Carter County Circuit Court, Capt. Geo. MADNESS OF THE DESERT. The Monotony of Silence Has Crazy Effect Upon the Human Brain.

"It is not generally understood that the silence of the desert has a maddening effect upon the human brain," said a traveler, whose experiences are not often paralleled. "Monotony is more severe than anything else deriving its entire pain from mental effect. The monotony of silence is worse than any other kind."

"Take a man away from the hum of the work of men and send him out on the alkali deserts of Arizona, and the deep silence becomes awful and is sometimes unbearable. All at once, without any previous symptom, some member of the party may stop suddenly with a dazed look on his face and a wild expression in his eye. He is dangerous. His reason is torn in wild confusion. Anything or anybody familiar infuriates him."

"He must be unarmed and bound at once or he will deal death to the whole party. He is possessed of 'desert madness,' brought on by the monotony of silence. He suffers excruciating mental anguish. He needs to be relieved by being brought back to his accustomed surroundings."

"On this account men used to the desert refuse to go out with whom they are well acquainted. The mad man is not likely to attack a stranger. If there is no friend in the party his madness is likely to assert itself in running rather than in fighting. It is a fearful disease not yet understood."

PEOPLES OF EUROPE

TENSANDS OF THEM ARE FLOCKING TO OUR SHORES.

We Are Rapidly Depopulating Old World Countries—The Class Is Poorer Than That of a Few Years Ago.

The question of immigration is demanding more and more the close study of government officials. This is true not so much because of the numbers of immigrants coming as because of the class. A half century and less ago when we needed home and empire builders for the west we were drawing them from the countries of the north of Europe; sturdy peoples who brought to the new land a desire to profit by their own sweat and blood, and who brought with them qualifications that go to make the good and desirable citizen of whatever country they choose to call their own.

Within recent years, while the tide of immigration has continued to grow

Scared to Death.
Dr. Francis W. McClelland, of

are made wretched every year or,
perhaps, have their lives shortened,
by feeling that they have heart
disease. They have a pain in that
region, and their own diagnosis is
sufficient to convince them of the
malady. As a matter of truth,
there is seldom any pain from heart
disease. The trouble is indigestion
which is caused by the food getting

This opinion simply confirms the
claim of Dr. W. B. Caldwell, who
originated the formula of Syrup
Pepsin, the guaranteed cure for
indigestion and constipation. All
druggists sell it, but be sure to ask
for Dr. Caldwell's Syrup Pepsin.

THE ROSEBUD AGENCY

LANDS OF THIS RESERVATION TO
BE OPENED FOR SETTLEMENT.

Is Poor Agricultural Land, But Good
for Stock Raising—Largest
Indian Reservation in
Country.

The Rosebud Indian reservation,
which by proclamation of the presi-
dent, is to be thrown open to white set-
tlement on August 8 at nine a. m., is
part of the great Sioux reservation in
the Dakotas. This reservation is situated
on the Cheyenne river, Cow creek
and Lower Brule. Pine Ridge, Rosebud
and Standing Rock agencies and in-
cludes 35,729 square miles of territory,
or over 20,000,000 acres. Of this vast
tract, inhabited by over 20,000 Indians
of the different tribes, the Rosebud
agency embraces 3,228,000 acres, and
is by far the largest single reservation
in the country. It is situated in South
Dakota and its southern borders rest
on Nebraska, while the White river
marks the northern boundary, and from
east to west it extends from the Mis-
souri river to the Pine Ridge
agency.

Like most of the other South Da-
kota Indian reservations, the Rosebud

SOUTH DAKOTA

Map of South Dakota, showing location
of Rosebud Indian reservation.

reservation is purely a stock-raising
country. The lands have been allotted
to the Indians as grazing land and the
number of allotments so far is 3,189.
The attempt to raise crops has been
made but has proved practically a fail-
ure and has for this reason been almost
entirely abandoned. The soil is of an
alkali nature, and the frequent and
long droughts make it almost impos-
sible to bring any kind of a crop to ma-
ture. A few Indians plant small corn
patches in the damp ground adja-
cent to the streams, but the only thing
that proves profitable is stockraising.

The Indians possess about 20,000
head of cattle. They supply the govern-
ment with a quantity of fresh beef,
in one year it amounting to 1,385,000
pounds, valued at \$4,000. In addition
they ship an average of about 1,000
head of cattle to the eastern markets
each year. This brings in about \$35-
000. The other sources of income for
the Indians are from the sale of furs
and skins of the animals from the wood
carriages about \$3,000, hay \$2,000 and
freighting supplies more than \$10,000.

The reservation is more or less
troubled by the trespassing of
stock of the ranchmen in the country
adjacent to the reservation. In 1899
a special effort was made to rid the
Indian land of these depredating
herds, and about 8,000 head of live
stock was driven out, but it is probable
that that year it has all, and
more, drifted back.

There is a general tension among
the Indians of the reservation to the
territorialists, but aside from this their
health is good. In view of the great
extent of the reservation and the large
population, the force of physicians is
small. The deaths outnumber the
births, in one year the former being
154 and the latter 124.

The effort to educate the Indians in
indicated by the number of schools on
the reservation, there being 10 day
schools and three boarding schools,
one of which is maintained by the
government and the other two being
under control of missionary societies.
The boarding schools report an average
attendance of 184 at the government
school, and 216 and 90 at the other
two schools. The average attendance
upon the day schools is 24, and 883
scholars have attended the schools thus
far. All these schools are doing good
work and greatly assisting in the pro-
gress of the people to civilization.

In the president's proclamation
throwing open these lands for settle-
ment, the provision is made that the
lands shall be entered under the gen-
eral provisions of the homestead and
township laws, and all the entries un-
der the homestead law are to be made
in person, except in the case of ex-sold-
iers and ex-sailors, who may employ
an agent. The entries under the home-
stead law will be permitted at the rate
of 100 per day from the day of open-
ing, August 8. Persons desiring to es-
tablish townships on the reservation
will be permitted to make application
at any time before the opening, and
their applications will be passed upon
by the commissioner of the general
land office. It is hardly to be ex-
pected that there will be the rush for
the lands of the Rosebud reservation
which there has been under other reser-
vations where more valuable as agricul-
tural lands have been opened for set-
tlement, but that hundreds will avail
themselves of the opportunity offered
by the opening of this reservation to
obtain free land is certain.

MONDAY

The traditional wash-day tests a
woman's strength to the full. Her
back is bent continually over the
washboard. She lifts and carries all
day long. Frequently she leaves the
steaming laundry to rush into a
draught of air and incur the danger
of a severe cold. What must a woman
endure who does these things
when she is suffering from womanly
diseases? Every movement must
be painful to her and aggrava-
te her condition.

Forty-nine women out of fifty
who suffer from womanly diseases
can be perfectly and permanently
cured by the use of Dr. Pierce's
Favorite Prescription. It estab-
lishes regularity, dries weakening
drains, heals inflammation and ul-
ceration and cures female weakness.

"In the year 1899 I was taken sick,"
writes Mrs. Edna Crowder, of Ripley,
Lauderdale Co., Tenn. "My limbs ached,
had severe pains in back and lower part
of bowels. I tried many kinds of medicine
and four of the best doctors in the country,
until I gave up all hope of recovery. In
January 1901 I wrote to Dr. V. C. Pierce,
of Buffalo, N. Y., and received from him a
letter telling me to try his medicine. I
took eleven bottles, six of 'Favorite Pres-
cription,' five of 'Golden Medical Discovery,'
one of 'Pellets' and used one box
of 'Lotion Tablets' and one of 'Healing
Supporters,' and am now able to work at
anything I want to. Thanks to you for
your valuable medicine and kind advice."
Keep the bowels healthy by the
timely use of Dr. Pierce's Pellets.
They cure constipation and its
many consequences.

SOME VERY QUEER LAKES.

Bodies of Water That Are a Source of Wonder to All Who Behold Them.

One of the most singular lakes in the world is the celebrated Pitch lake of the island of Trinidad. This lake spreads over an area of 99 acres, and its surface is composed of one great floating mass of asphaltum, seamed with veins of clear water. From it, and a similar lake in Venezuela, the world's supply of asphalt is drawn, states the Washington Post.

The pitch lake is a hideous place as far as smells are concerned, for the air about it is heavy with noxious vapors, and from the center of the lake gushes a fountain of liquid asphaltum, in which there float and break bubbles containing most horrible gases.

The workmen go out on the surface of this lake and cut great slabs of asphaltum, which are carried away. But the next morning the hole they left is filled up again with the pitch which has risen during the night, so that the supply seems to be inexhaustible.

This curious lake was discovered by Sir Walter Raleigh when he landed in Trinidad in 1595, on his way to the mouth of the Orinoco in search of El Dorado.

Another strange lake is situated on a peninsula which juts out into the Caspian sea. The whole surface of this lake is covered with a crust of salt so thick and strong that a man can ride across it on horseback with safety.

In central Asia, near the Caspian sea, is a lake of beautiful rose color, while the banks are covered with salt crystals as white as snow. From the waters of this lake there arises a flower-like odor. The color and the odor are supposed to be caused by vegetable matter in the depths.

There used to be a curious lake on the top of the Volcano de Agua, in Guatemala, 14,000 feet above the level of the sea. It was not fed by springs nor by rivers, but was caused by accumulations of snow and rain—in fact, was an immense reservoir. It lasted for centuries. Then one day the sides of the lake gave way, and down the waters rolled, dealing death and destruction, and digging a great barranca, or ravine. In the mountain side, which is still visible.

INAUGURAL PUBLIC SALE OF TOWN LOTS AND MANUFACTURING SITES.

The Future Great Inland City of the Southwest,

Nortonville, at the Junction of the I. C. and L. & N. Railroads.

Surrounded on All Sides By Important Cities and Towns, Namely:

Evansville, Ind., Nashville, Tenn., Paducah, Owensboro, Henderson, Hopkinsville, Princeton, Russellville, Central City, Morganfield, Hodgenville, Eddyville, Fulton, Providence, Madisonville, Elton, Smith Grove and many others.

A POINT AT WHICH OVER 80 TRAINS PASS DAILY.

A Town Site Possessing More Attractive, Original Features Than Any Inland City in America Had at Its Inception.

To Occur on WEDNESDAY and THURSDAY, JULY 20 and 21, 1904.

Nortonville is the Center of the Great Coal Mining Interests of Western Kentucky.

The Nortonville Coal Co., having recently become possessed of the town site and 2,000 acres surrounding it, and having expended large sums of money in sinking shafts and opening magnificent coal mines surrounding the site, which are producing wonderful results, employing over 300 artisans and miners, the families of which form a population of 1,000 people, have determined to offer to the public an opportunity to become original participants in the inauguration of what it believes is destined to be, and which, by reason of its location and natural advantages, must, at an early day, be a very important inland city.

SOME OF THE ADVANTAGES OF NORTONVILLE.

Nortonville is the center of a fine agricultural section and sufficiently distant from Hopkinsville, Paducah, Evansville, Ind., Nashville, Tenn., and twenty other surrounding towns and cities above mentioned, all within a radius of twenty to fifty miles, to make it a distributing point for them and the adjacent country. The town site is a beautiful level valley, widening out to undulating hills, rich in coal and offering every inducement for the investor and the homeseeker. The water supply is abundant, the climate and all other conditions are such as to justify the prophecy that with a little energy and enterprise on the part of its own people it will soon be one of the best inland towns in the State of Kentucky.

THE NORTONVILLE COAL CO.

has demonstrated its faith in the merits and future prospects of this property by expending a half-million of dollars in opening mines, building houses, improving the social and moral conditions and starting the various enterprises which are necessary for the well-being of the present population. With magnificent R. R. facilities and cheap fuel, the nucleus of a thriving town is already formed.

Inviting the cooperation of the world at large in their enterprise, the company will, on July 20 and 21, offer for sale lots and tracts in accordance with a map, which will be ready for distribution July 1. Cheap accommodation for all who attend the sale will be provided, and the company will give a GRAND BARBE CUE on the first day of the sale (July 20) to which all who attend the sale will be invited.

An effort will be made to secure reduced rates to parties attending the sale. The terms of the sale will be exceedingly liberal. For further information or map, write or apply to

CLEAN - SWEEP - SALE

Don't Miss It.

July 20th to August 1st.

Don't Miss It.

And if low prices and good goods will do it, we will clean out every yard and every piece of Summer Goods in our store in the next 30 days. And when we say low prices we mean LOW PRICES, for we don't want to pack away summer goods, and will not. We are going to sell everything in the store regardless of cost. Everything will have to go, if we do not get half what they cost us. So do not fail to come, if you do you will miss one of the greatest chances you have ever had to buy merchandise of all kinds at prices that will be lower than ever before offered in Hopkinsville. Remember, that it is the season that every merchant wants to cut down their stock, and we are going to offer such low prices in this sale that by the time our buyers go East to buy fall goods we will not have a yard or piece of summer goods on hand. So don't miss this great chance to buy from the greatest stock of merchandise in Hopkinsville. This will not be a money-making sale for us, but a sale to clean out all summer goods—it's a money-making sale to you. If you do not want to buy anything yourself, come any way, and bring your friends. We haven't the space to give prices, but come and we will prove to you that we will sell goods regardless of cost. CAIRO LEADS.

Paducah Has Lost The Much Coveted First Place.

Hopkinsville Returns Home to Play Clarksville This Afternoon.

Hopkinsville has not come back with colors flying as we had hoped, but has almost held its own in a series of games with the leaders. Henderson was dead easy and it was almost like taking candy from a baby to beat them four straight, only three of which counted.

Then the boys went to Cairo and lost three games to the Egyptians. These games enabled Cairo to pass Paducah and assume first place in the league. At Paducah Hopkinsville won Saturday's game on a forfeit, but lost Sunday's by 4 to 3 in a 15 inning contest that proved to be a great game. The third of this series was played yesterday. Out of 10 games since the boys left home, they have won 5, lost 4 and the 10th is to be heard from. The table below gives the standing of the clubs up to Sunday.

Standing of the Clubs to July 17.	P.	W.	L.	Pc.
Cairo	64	42	22	654
Paducah	62	39	23	629
Clarksville	65	32	33	490
Hopkinsville	66	29	37	439

The Paducah Register says: A deal was closed Saturday evening about 7 o'clock whereby the management of the Paducah baseball club passes into new hands which will hereafter conduct things in first class manner and give some high class sport. The new company purchasing the franchise from Mr. Sam Jackson is composed of several well known business men, including Mr. Gus Thompson, who was made president of the company upon the reorganization being effected.

The Clarksville team will arrive here this morning for a series of three games with Hopkinsville, the first of which will be called at 3:45 this afternoon. With these teams matched against each other, it always means large crowds. A big crowd will be on hand this afternoon to see the visitors wallpaled.

HERN TRIAL.

Results in Defendant Being Held to Circuit Court.

The preliminary trial of Mack Hern, who shot and killed his father, James J. Hern, on the night of the Fourth, was concluded Friday afternoon. Hern was held over until circuit court, but will be allowed bail, the amount of which was to be fixed by Judge Fowler yesterday.

The defendant testified that he shot his father in self defense, believing that his father was about to draw a weapon with which to kill him. The defense introduced a number of witnesses in an effort to prove that James J. Hern had been very abusive to his son and had applied vulgar and insulting epithets about the latter's mother, the dead man's divorced wife. The prisoner stated that he had a revolver in his pocket when he was chased out of the saloon earlier in the day, but the prosecution expects to prove that Hern borrowed the revolver just before the killing.

To counteract the efforts of the defense to make out a case of self defense, the commonwealth introduced three eye witnesses, who testified that Jim Hern was in the act of drawing a glass of water from the cooler when his son entered and opened fire, and that the victim had no knife or other weapon and made no hostile demonstrations.

Yesterday Judge Fowler fixed the amount of Hern's bond at \$2,500, which the prisoner had not given at the hour of going to press. Hern is in jail.

GREY LEWIS

Former Hopkinsville Boy Dies in Temple, Tex.

Was a Traveling Man and Fell Victim to Peritonitis.

Mr. Grey Lewis, of Temple, Texas, died Sunday of peritonitis. The shocking news was received here in a telegram to his sister, Mrs. Gabe L. Campbell, with whom he spent his vacation last summer and renewed many friendships of his boyhood.

Mr. Lewis was a native of this county. His mother, who was twice married, was the widow of the late Col. C. G. Alexander.

Grey Lewis was one of a family of four children. His two older sisters, Misses Lizzie and Sallie Brent Lewis, were reigning bells in Hopkinsville 25 years ago. They married and moved to Alabama. The younger sister is the wife of Mr. G. L. Campbell who lives in the old family homestead near the Canton bridge.

Grey Lewis was educated in Maj. O. J. Ferrell's High School, and more popular boy was ever reared in Hopkinsville. Of a bright, sunny disposition, he made friends easily and even as a boy was widely popular. In his early manhood he moved to Temple, Texas, where he leaves a wife and several children. He became prominent as a business man and had for many years been a commercial traveler. Last summer he visited his old home and spent several weeks. He was then the picture of health. A handsome, well preserved young man a little more than 40 years of age, of fine physique and possessing the same jolly, companionable disposition that had characterized him as a schoolboy.

He had been prostrated for some weeks with the attack that cost him his life. The news of his death will cause profound sorrow among those who loved him as a boy and felt pride in his success as a man. To those bound to him by the closest ties of blood, the bereavement falls with crushing force.

Personal Gossip.

Mrs. J. E. Oldham is visiting relatives in Missouri.
